OUR MISSION

Military Outreach USA is a faith-based Judeo-Christian organization focused on Veterans and First-Responder Communities, regardless of their denomination or beliefs, demonstrating the compassion, love and healing of Christ our Lord.

WHEN YOU CAN'T RUN YOU WALK,
WHEN YOU CAN'T WALK YOU CRAWL
AND WHEN YOU CAN'T CRAWL
WE WILL CARRY YOU

A message from our Founder

Major General (Ret) James H. Mukoyama
U.S. Army 1964-1995

Chairman & CEO of Military Outreach USA

The mid-term elections are upon us. Whatever the result, we trust in our God and that the Republic will continue to stand as long as we support and defend the Constitution acknowledging the true source of our success as a nation, the blessings of our Creator.

There are two disturbing continuing negative trends in our nation, exacerbated by the heated electoral rhetoric and views and click mentality of the media and social media as opposed to respectful, open dialogue of issues rather highlighting personalities. These are results of a failure of our education and family structure to inform our younger generations of the exceptional history of our nation and its positive contributions to the world community.

The first trend is the rise of so-called "democratic" socialism in our nation and throughout Europe. The scenes of riots, lootings, and fire destruction of national monuments and treasured buildings are clear warnings of what is developing in our nation. Most of the participants cannot even

define socialism nor cite an example of a successful socialist nation in world history with a population that rules through a legitimate electoral process.

The second negative trend is the rise of anti-Semitism on our campuses, encouraged by the socialist wing of the Democratic party. It is a direct attack on the Judeo-Christian foundation upon which our nation was established and cannot be tolerated by our citizens. The contributions of the Jewish people to Western culture for centuries through the arts, sciences, medicine and technology for the betterment of all mankind cannot be denied. Israel is the only true democracy in the Middle East standing alongside the United States in the defense of freedom and democratic principles. Their motivation is simple, maintain and defend their right to live in peace with their neighbors.

A vibrant public discourse on our national policies is welcome and encouraged but rioting and destruction of public and private property must be met with a firm response from our law enforcement agencies upholding the rule of law and order.
Military Outreach USA and Stand By Me Heroes continues to support our military, first responders and their families who serve and defend us, our communities and our nation. May the Good Lord continue to give them and our national leaders safety and wisdom and may God bless the United States of America.

Blessings.
Major General (Ret) James H. Mukoyama, Jr.

A Message from Chappy Ferrer, President

My wife, Chris and I got to ride with hundreds of bikers, followed by cars, from Schaumburg to Wheaton IL on our second 9/11 ride to honor not only the fallen, but also those who have passed since contracting cancer from the debris of the twin towers.

When we entered the preserve, it seemed even the motorcycles became silently reverent. Groups stood together, many prayed and it reinforced that we live in a great nation under God.

Normally some bikers are loud and have a good time - but that day many walked with wet faces and were not ashamed. The news repeats that we are divided; academics say we are divided, but if you don't come to events with bikers, you will

never know how wrong people can be if you only listen to legacy media and do not visit with the salt of the earth. We are blessed!

Lorenzo Forinetino is opening a Chicagoland Veterans Campus in Addison IL. He has offered MOUSA/SBMH office space, rent free, requesting we host SBMH Workshops and seminars.

His goal is to create a unified location for all VSOs. The building is a combination Museum and Veteran Campus and **we are grateful for his offer!**

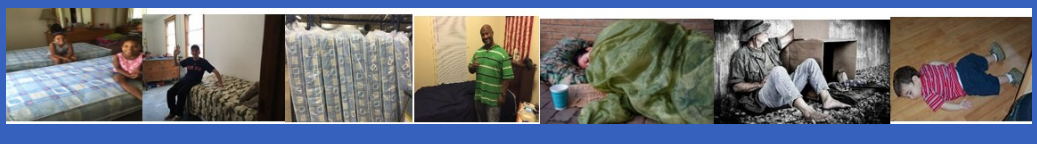

ALLEN FORCE, Joliet IL

Donna Allen, founder of Allen Force, hosted a ride and celebration in Joliet IL where MOUSA participated in a motorcycle ride around the town, their first bike event! We have been long-time friends, supporting our ministries well. I was asked to speak on my experiences with moral injury (MI), post-traumatic stress (PTS) and traumatic brain injury (TBI)and later many from the audience shared similar experiences.

When asked how I am able to sustain myself and do what I do. I reminded them that I have my faith, family, friends and live in a great nation where many do not forget their heroes, our veterans and first responders. Allen Force and its volunteers remind me that together we can make a great difference across our nation

Veterans Exiting Homelessness Program (Beds-for-Vets and Move-in-Essentials)

Beds-for-Vets Program

Our Veterans Exiting Homelessness Program includes our **Beds-for-Vets**. Since 2016, we have supplied **3,144 beds** and **$1,706,461** worth of Move-In-Essential items to veterans across our nation, thanks to the support of people like you!

Thank you to all who hold this program in prayer and to those of you who financially support this way of honoring the men and women who served us so well.

If you know of potential opportunities to fund this program and allow qualified Veterans to sleep in their own beds, please let us know. For some, these "Welcome Home" gifts are the first beds of their very own they have ever had, and it is a great way to show our nation's appreciation for their service and sacrifice.

Many companies want to reward employees (or retirees) who volunteer at non-profit organizations - by matching or giving cash to the organization! It is as simple as asking your employer. Or ask a family member and your friends if they work for an organization that rewards volunteering or matches donations. Contact TomasaReis@militaryouteachusa.org for more information.

Move-In-Essentials Collections

Thank you to

Holy Family Church, Palatine IL
and to

American Legion
Evanston IL Post 42

for their donations of over $3,000 worth of toilet paper, towels, laundry items, person hygiene items, sheets. mops, brooms, etc. to **"Welcome Home"** veterans who were homeless and are now successfully transitioning into housing.

Thanks, too, to volunteers at **Jesse Brown VA and Edward Hines VA** for distributing them to grateful veterans around Chicago.

We are very grateful to Andy Reimink, CEO of HOH Water Technology in Palatine IL for generously allowing us to temporarily house the Move-In-Essential items we receive until they are distributed by our local VAs and other organizations for the previously homeless veterans

You can help veterans in your area with this well-structured program. Leave a message for Jim Dunne (877-734-4244) for more information!

Move-in-Essential (MIE) items from Holy Family Church

Warehouse space recently donated by Andy Reimink, CEO, HOH Water Technology, Palatine, ILto temporarily house MIE donations for distribution.

NORTHERN ILLINOIS

Faith, Family and Flag: Memoirs of an Unlikely American Samurai Crusader

by Major General (ret) James H Mukoyama, Jr..

Military Outreach USA's founder, General Mukoyama, is well known for his strong faith, his love of family and his country. He has written an inspiring and personal

recounting of his youth, his military career and his work among the Asian American community and his continuing dedication to the veterans who have given so much for our country.

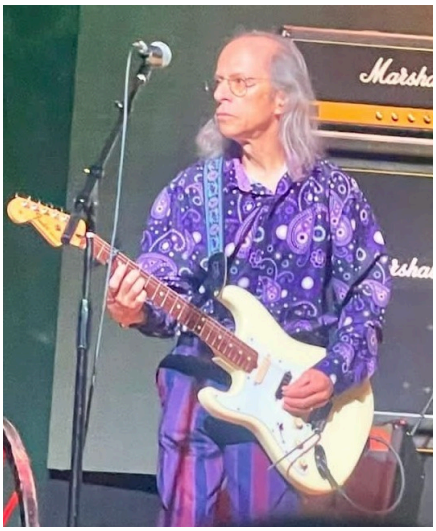

Books are available through Amazon with all net proceeds given to the General's home church and to Military Outreach USA.

Thank you to Ron Onesti and his staff at the Des Plaines Theatre for providing an outstanding venue for our recent

Veterans Charity Concert on August 30.

The bands **Thunderstruck** and **The Cave Dwellers** brought a lot of energy and memories with their music from the Vietnam era through today.

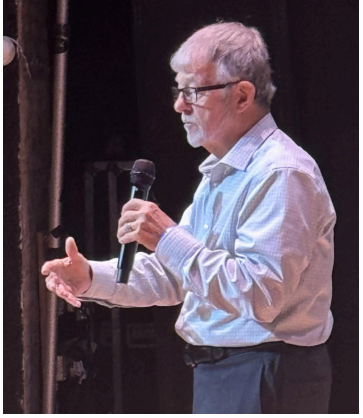

The bands were loud and fun, the food was good (**thanks to Caruso's Pizza**), and the turnout was good for our first attempt in a long while to host a fundraiser like this.

A **special thank you also to Nikki Fields** who welcomed us to **Nickki's Gaming Cafe Slots** in Des Plaines after the concert. That was also fun, especially when this giant character walked among us!

Dr. Bair presented information to the audience about Moral Injury and its affects on veterans, first responders and caregivers and family members. Moral Injury results from experiences in battle, emergencies, etc. that are in conflict with the individuals basic moral values acquired in upbringing and civilian life. Often these experiences are "put aside" until a time when they reappear in civilian life and can cause emotional and psychological distress which can lead

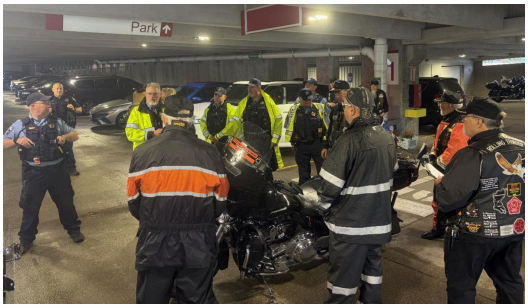

to suicide or other behaviors which are baffling or threatening to those around them. There is hope through spiritual forgiveness and healing and getting involved with a safe community of fellow/sister veterans and safely talking one-to-one with those who also know what you are going through.

We are **grateful to all the volunteers** who helped us with the Raffle and Silent Auction and greeting and assisting guests during the evening. We are still receiving donations as a result of the evening and hope to have more information on that and on future plans.

Rolling Thunder motorcycle ride from Captain Lovell VA Medical Center in North Chicago to Woodstock Harley Davidson on September 13.

Rolling Thunder IL 2 led a motorcycle ride from Captain Lovell VA in North Chicago to Woodstock Harley Davidson on September 13. The rain was normal for this time of year, but that didn't stop Rolling Thunder, Military Outreach USA, American Legion Riders, American Veterans, Veterans of Foreign Wars and many others.
First responders along the route stood in the rain saluting and we ended the ride with a flyover by WWII aircraft and a simulation of a firefighter climbing stairs of a firetruck in the heavens to honor our 9/11 heroes who gave their all for others.

These events are reminders and provide an opportunity to tell the story of American steel focused on running toward danger and not running from it. We honored them all and their families and their legacy which will never pass.

We thank the Lake County Sheriff's department and the cities in between for escorting our ride and ensuring everyone's safety. It is an honor to participate and you sense a level of pride when individuals, every year, stand by the roadsides to salute.

Thank you to **IL State Senators Craig Wilcox and Darby Hills** for hosting the annual **Veterans Appreciation Luncheon** on October 24, a tradition begun in Lake Zurich IL by former Senator Dan McConchie.

Military Outreach USA was happy to man an information table with materials to make our work familiar to veterans and their caregivers. Speaking in the photo above is Andrew Tangen of Veterans Assistance Commission. A color guard from Lake Barrington Shores presented the flag ceremony and the audience sang our national anthem and God Bless America to open the presentation. Senators Hills and Wilcox welcomed and shared their background and their gratitude for those who have served our country. A presentation explaining the benefits of horse therapy by BraveHearts Equine Therapy in Harvard and Poplar Grove was very helpful. A healthy lunch was donated for the veterans and guests.

UPCOMING EVENTS FOR VETERANS

November 3, 2026 Midterm Elections -
Your vote counts, but only if you actually vote!

Veterans Day Stand-To Ceremony, Saturday, November 7 Hall of Honor, Woodstock Harley Davidson Rolling Thunder 2 will honor current, past, fallen and missing service men and women with a POW/MIA Remembrance Table ceremony and a Veterans Recognition and Tribute. SBMH Florida

Chapter director Phil Jelen is in Englewood, FL. He is a proud member of American Legion Post 113, Rotunda West, FL, and VFW Post 5151 in Streamwood IL.

The Chaplain's Corner

Chappy Ferrer - Founder, Stand-by-me Heroes, Stand-by-My-Heroes and Our Priority Family

A failed foundation is built on sand. Any structure or entity built upon solid ground will not fall and it's assurance for longevity is in its upkeep. How often do you get out to local events, a rodeo, a local concert, a festival? How often do you meet with the salt of the earth who have so much to give.

I continue to meet new friends whose hearts and minds are focused on giving onto others. For example, the Marine who envisions supplying furniture to those in need, another focused on city homelessness, another providing medical support, an individual who drives a food truck and provides free soup and sandwiches and clothing, and the list goes on and on. More amazing is that many of these individuals are not receiving federal or state funds. Did we capture this thought; no government support! Yes, there are organizations that have teams taking similar steps to support those struggling. However, taking action using personal resources remains a constant, proving that we are a spiritually-minded and grateful nation. I believe it is safe to say that if we do not get out of our homes and attend community, state or national events we will miss our God-given blessings, America!

Road trips are fun, you get to listen to music, talk about anything and more important visit places and meet people who are the salt of the earth. How many have traveled down Route 66? Did you ever make it to LA? Why are we listening to people with access to loud and chaotic microphones? These inexperienced and uneducated individuals, many college students, will not sway America's faith-based foundation.

It is our assigned task, directed by our Lord, to contribute and maintain our solid foundation. We can ensure positive change, and not a return to ideologies that have caused much death and poverty through the centuries. By failing to attend veteran events, for example, you will not meet those who have sacrificed much to ensure we remain free in spirit and guided by truths from above.

A few people are focused on reinventing America, but they are building upon sand. Did you know foreign and domestic polls show 92% of news is negative against our nation? Yet many still desire to come to America. Thousands of folks who came to America for its 250th birthday and FIFA Cup events were pleasantly surprised that their experiences did not match the constant negativity of the news.

I am not surprised by great numbers of faith-based people focused on good works. When you get to travel about, (I prefer motorcycles), you meet different people from all walks of life, with differing ethnicities and many more differences than one might have imagined.

America was founded on Judeo-Christian principles that have produced this great nation. We are NOT an experiment; our foundation was written millennia ago and remains solid for building civilizations with people of faith. The formula for building a strong civilization, the engineering and roadmap, was given to mankind in the Bible. So, it is time to get up, go out and move. Never stop challenging and building on the solid foundation which remains in our God.

DON'T FORGET TO VOTE: NOVEMBER 3, 2026

CONTINUING EDUCATION:
Foxhole Soul Counseling

Foxhole Soul Counselors (FSC) from our SBMH Chapters attend events and engage with anyone who asks for 1:1 Soul Counseling. Not only are those who lost comrades continuing to hurt, but we must not forget their families and friends.
We hear souls crying out for someone to 'Stand-by-me.' Our Foxhole Soul Counselors are there to speak with anyone suffering from a soul pain, moral injury or PTSD. Foxhole Soul Counselors focus on faith, not religion, to restore one's whole person and to walk with them as friend, as family.

These men and women, intervening for others, are making a difference resulting in wounded men and women choosing life instead of suicide. We are grateful for those who befriend those calling out for someone to Stand-by-me!

HELP LINE (877) 734-4244.

Conversations are private, names are never released & you can use your call sign.

SUICIDE AWARENESS & PREVENTION

Are you worried a Veteran or service member in your life is considering suicide? **ASK.** Asking about possible suicidal thoughts opens communication, breaks isolation, and validates emotions, reducing stigma and providing an opportunity for immediate support. Then, **SEEK HELP.**

Moral Injury Research, John P. Bair, PhD. Over 5 million veterans suffer from mental health issues. The most common mental illnesses include depression, post-traumatic stress disorder (PTSD),l and substance use disorders (SUD). Veterans face higher rates of suicide and PTSD compared to civilians, with over half of those with mental illness not receiving treatment.

Moral Injury and PTSD Medical Studies

John P. Bair, Ph.D, Clinical Psychologist, Retired
Captain James A. Lovell Federal Health Care Center, Active WOC Researcher.
Adjunct Faculty, National Louis University.

OUR HEROES

At our recent Veterans Charity Concert at the Des Plaines Theatre, we were able to honor a dozen veterans from WWII, Vietnam and Gulf eras with individual awards and to introduce many of them from the stage.

Below are their descriptions of their service and their photos from their time of service and afterward.

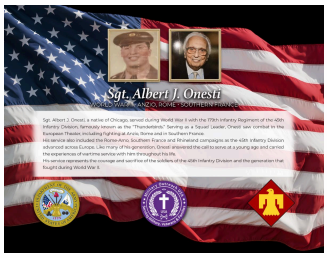

The audience was quick to give each recipient a standing ovation and "Welcome Home"!

WWII veteran Bette Horstman was born in Minnesota and later made her home in northwest Chicago and Morton Grove, IL. Stationed in Hawaii and Saipan, she served by rehabilitating injured service members and treating prisoners of war. After her military service, she continued her career in physical therapy. Her lifetime of service was recognized with the prestigious Citizen Soldier Award from the Pritzker Military Museum.

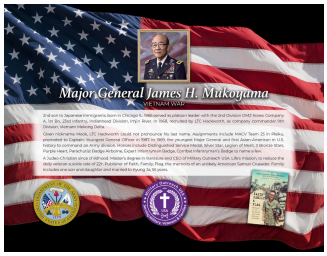

WWII, Korea and Vietnam wars veteran Miguel A Berlingeri, Served with 65th Infantry Regiment in Northern Italy and France, Korea and Vietnam. An original Borinqueneer! Received Silver Star, Purple Heart, Bronze star and Congressional Gold Medal for his combat roles. Multiple honors at Chosin Reservoir freeing a surrounded Marine Unit among the frozen ridges. Past member of Am vets Post 58 and Lorain Knights of St. John.

Sgt. Albert J. Onesti, a native of Chicago, served during **WWII** with the 179th Infantry Regiment of the 45th Infantry Division, famously known as the "Thunderbirds" as a squad leader. Onesti saw combat in the European Theater, including fighting in Anzio, Rome and in Southern France. Like many of his generation, Onesti answered the call to serve at a young age and carried the experiences of wartime service with him throughout his life. His service represents the courage and sacrifice of the soldiers of the 45th Infantry Division and the generation who fought during WWII.

Major General James H. Mukoyama, Vietnam War. Born in Chicago to

Tom Cemak, a WWII soldier with the US Seabees. Seabees were skilled civilians in construction and were given military training to defend themselves and their projects of turning raw jungles, swamps and beaches into operational military hubs inching the way toward Japan. Tom and his fellow Seabees proved themselves throughout the globe and to America in freeing the world and ending WWII.

Vietnam War veteran Johnnie Baylark Jr. enlisted in US Marine Corps shortly after high school graduation. After extensive training he was attached to the 3rd Battalion, 1st Marine Division in Vietnam participating in a number of amphibious operations and missions and recovering from a serious injury during a search and destroy mission. Upon recovery, while on another mission, Johnnie was again seriously injured which resulted in the amputation of both his legs. During all this, Johnnie maintained his trust in the Lord while regaining his strength and relearning how to walk. Because of the prayer and Japanese immigrants, served as platoon leader with the 2nd Division DMZ Korea Company A. Assignments included MACV Team 25 in Pleiku Vietnam, promoted to Captain. Serving as the youngest General Officer in 1987, in 1989 was the youngest Major General and first Asian-American in US history to command an Army division. Honors include Distinguished Service Medal, Silver Star, Legion of Merit, 3 Bronze Stars, Purple Heart, Parachutist Badge Airborne, Expert Infantryman Badge, Combat Infantryman's Badge.

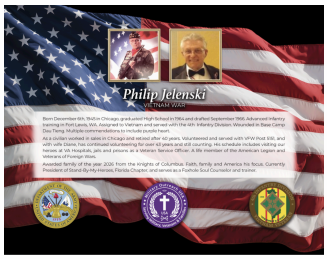

The General likes to say "Every day is a great day! I have my faith, my family, and live in the finest country in the world." His life's mission is to reduce the daily veteran suicide rate of 22+. He is the author of Faith, Family, Flag; the memoirs of an unlikely American Samurai Crusader, founder and current CEO of Military Outreach USA and popular speaker.

Dominic J Bender, Afghanistan War. A graduate of Barrington High School (IL), Dominic joined the US Army in 1999 and became a Cavalry Scout. Throughout his military career he served with

First Sergeant Allen Lynch served in the 12th Cavalry Regiment, 1st Cavalry Division (Airmobile) **Vietnam** in 1967-1968.

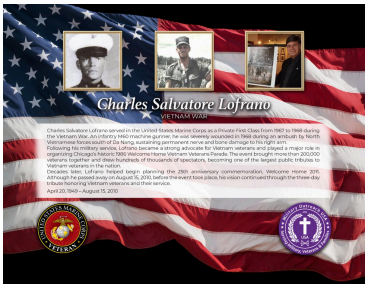

He has since received the **Congressional Medal of Honor** for his gallantry and selfless service to others and continues to serve the veteran community in northern Illinois.

Philip Jelenski, Vietnam
Phil was born in Chicago and now resides in Florida. Assigned to Vietnam in 1966, he served with the 4th Infantry Division. Wounded in Base Camp Dau Tieng, Phil received multiple commendations including the Purple Heart.

With his wife Diane, Phil has served as a volunteer for over 43 years and is still active visiting our heroes at VA hospitals, jails and prisons as a Veteran Service Officer. He is a life member of the American Legion and Veterans of Foreign Wars and heads the Florida chapter of Military Outreach USA's Stand

support of family and friends and his trust in the Lord, Johnnie recovered and found his adjustment to be far more manageable than anyone could have imagined. No longer able to serve he enrolled in college , held various positions in management and admin services within the Department of Veterans Affairs Medial Center and Patient Care facility, thriving as Chief of Prosthetics, helping other disabled veterans cope and manage their new disabilities.
He remains active with the DAV, VFW, American Legion, Am vets, Marine Corp League and Purple Heart, and started an organization which 25 years later is now called The Johnnie Baylark Jr. Omega Challenge to encourage people to be active with our hospitalized and outpatient veterans. Now widowed, Johnnie is still active with his family, travel, competing in various wheelchair sports tournaments and with his church.

Charles Salvatore Lofrano, Vietnam War, US Marine Corps as a Private First Class from 1967-1968. An infantry M60 machine gunner, he was severely wounded in 1968 during an ambush by several units, including 5/15 Cavalry OSUT, 1/14 Cavalry, 2nd Infantry Division, 801st Combat Support Hospital and 1-172 Cavalry mountain. His service included deployment to the Andar District of Ghazni Province, Afghanistan where he was wounded in action and awarded the Purple Heart. Additional honors include the National Defense Service Medal, Global War on Terrorism Service Medal, NATO Medal, Overseas Service Ribbon, Combat Action Badge and the Order of the Combat Spur.

Continuing his commitment to fellow veterans and the military community, he currently serves as Director of Logistics with Rolling Thunder Illinois Chapter 2, supporting the organization's mission of veteran advocacy, remembrance and service.

Dr. John Patrick Bair did not serve in the military directly, but he has served veterans and families for 45 years at the **Captain James A. Lovell Federal Health Care Center in North Chicago IL. H**is dedication to veterans and their families have helped By Me Heroes and serves as a Foxhole Soul Counselor and trainer.

Colonel Conrad F. Koller served a distinguished career in the **US Army** including three tours in **Vietnam** as a Field Artillery Officer. Airborne qualified, he completed advanced training in Cannon Field Artillery and later attended the Command and General Staff College.

Koller earned numerous decorations recognizing both combat service and exceptional leadership. His honors include the Legion of Merit, three Bronze Star Medals, the Air Medal, multiple Army Commendation Medals, the National Defense Service Medal, Vietnam Service Medal with three Campaign Stars, Republic of Vietnam Campaign Medals, Overseas Service Ribbon, Army Good Conduct Medal and Sharpshooter Badge with the M-14 rifle.

After moving into senior leadership roles and completing specialized training, Colonel Koller served as a Post Inspector General and Comptroller, reflecting a career that spanned combat leadership, military

North Vietnamese forces south of Da Nang, sustaining permanent nerve and bone damage to his right arm.

Following his military service, Lofrano became a strong advocate for Vietnam veterans and played a major role in organizing Chicago's historic *1986 Welcome Home Vietnam Veterans Parade.* The event brought more than 200,000 veterans together and drew hundreds of thousands of spectators, becoming one of the largest public tributes to Vietnam veterans in the nation.

Decades later, Lofrano helped begin planning the 25th anniversary commemoration, *Welcome Home 2011*. Although he passed away before the event took place, his vision continued through the three-day tribute honoring Vietnam veterans and their service.

Rest in Peace

April 20, 1949-August 15, 2010.

many heal in mind, body and soul.

Though retired, his efforts continue with Military Outreach USA and the Moral Injury, Trauma Research Team and Stand-By-Me-Heroes Foxhole Soul Counselors. Through the decades John has remained focused on continuing research and training to help those living with the invisible wounds of war - Moral Injuries, Post Traumatic Stress, Traumatic Brain Injury, substance abuse and more.

Dr. Bair received his PhD from Northwestern University, MA from Northern Michigan University and B.S. from the University of Wisconsin. Veterans are honored by his relentless dedication to those who served. We applaud Dr. Bair's past, present and future activities toward sustaining and saving the lives of those guarding our freedoms and their families.

operations and senior-level Army financial and organizational management.
